Georgia Forestry Commission

Annual Report for Mitchell County

(2021 Fiscal Year)

Prepared By: Christopher Cross
Chief Ranger

Mission Statement

"To provide leadership, service, and education in the protection and conservation of Georgia's forest resource

General Information

In Mitchell County there is a total of 327,700 acres of land, 36.5% of which is forest land totaling 129,784 acres, which are under the protection of the Georgia Forestry Commission. The Baker-Mitchell County Forestry Unit is responsible for all forest protection activities involving the suppression of forest land wildfires, pre-suppression firebreaks, and other forest related activities.

Under the supervision of Chief Ranger Christopher Cross, the Baker-Mitchell County Forestry Unit's resources are as follows, 5 full time employees who maintain and operate 4 tractor-plow units and one quick response unit. As fire weather dictates, the county is also patrolled by airplane twice each day in search for wildfires. These resources are available to Baker-Mitchell Counties for the primary purpose of protecting the forest land of Baker and Mitchell Counties.

The Board of Commissioners in Mitchell County contributed \$0.10 an acre to the Georgia Forestry Commission during the 2021 fiscal year toward the cost of protecting the forested land here in Mitchell County. State funds allocated annually make up the remainder of the cost incurred by the County Forestry Unit.

The Georgia Forestry Commission, through local personnel and a staff of foresters, provide many other services to the land owners and managers of Mitchell County. These include: Forest management recommendations, prescribed burning recommendations, detailed forest management plans, site prep advice, planting advice, tree planter rental, educational programs, and many other services.

These services are coordinated under a plan to promote a better understanding of forest management and the benefits to our environment. Our goal is to conserve, perpetuate, and increase the forest resources of the state and county and to enhance or improve the economic and aesthetic benefits to all citizens.

In the pages following, more detailed information on the activities and accomplishments of the Baker-Mitchell County Unit during the 2021 fiscal year have been listed.

General Advice cases	2	147
Cogongrass visits	11	
CRP	27	933

Reforestation

It is the desire of the Georgia Forestry Commission to serve the landowners of this county by selling excellent seedlings at an economical price and providing the seedlings when the landowner request them.

I encourage any landowner who has idle land to consider setting out pine seedlings to bring that land back into productivity. On the average the first thinning can be done in twelve years, which is accomplished through genetically improved seedlings which grow faster and are more resistant to insects and disease.

The total seedling sales for the Baker/Mitchel Unit was **34,560** see below for sales by species.

Seedling Sales 2021

2,060 Hardwood Species

22,550 Slash pine

10,000 Loblolly pine

Sale City	

This chart represents only those departments which have equipment leased from the Georgia Forestry commission. I would again like to take this opportunity to express my thanks and gratitude to the volunteers who have given their time and talents un-selfishly to make the Mitchell County Volunteer Fire Association the leader it is. We as citizens, business leaders, and elected officials should be appreciative and proud of the professionalism, training, equipment and ability of those who volunteer their time to give us one of the best volunteer fire departments in the state. I personally have had the opportunity to work with many departments (paid and volunteer) all over this state, and for the money invested by Mitchell County, we receive an excellent return on that investment by these individuals.

The Baker-Mitchell Unit accumulated approximately **253 hrs** of safety and training this fiscal year. In our working enviroment , safety and training is a top priority along with exceptional customer service.

From: Suzanne Angell, Executive Director

Re: Authorizing Resolution for 5311 Program

It is again time for the Southwest Georgia Regional Commission to apply for rural transit 5311 funds through the Georgia Department of Transportation (GDOT). The application deadline for FY2023 is November 1, 2021. As we do each year, the Southwest Georgia RC applies on behalf of the participating Counties/Cities in the Southwest GA region to provide rural public transportation.

Enclosed, please find an authorizing resolution allowing the Southwest Georgia RC to once again apply for 5311 funds on your County/City's behalf. **We are asking for you to please place this item on your NEXT meeting agenda to seek approval of the 5311 authorizing resolution.**

Once you have placed this action item on your agenda, please call or email Heather White at (229) 522-3552 (ext. 113) or hwhite@swgrc.org for confirmation and to inform her of the date of the meeting. When the resolution has been approved, signed and notarized, please return it by emailing to Heather or by US Postal Service to the address listed above.

Should you have any questions or concerns, please do not hesitate to contact me. Thank you in advance for your assistance with this matter.

Serving all of Southwest Georgia

Baker.Calhoun.Colquitt.Decatur.Dougherty.Early.Grady.Lee.Miller.Mitchell.Seminole.Terrell.Thomas.Worth

RESOLUTION AUTHORIZING THE FILING OF AN APPLICATION WITH THE GEORGIA DEPARTMENT OF TRANSPORTATION AND THE UNITED STATES DEPARTMENT OF TRANSPORTATION FOR A GRANT FOR PUBLIC TRANSPORTATION ASSISTANCE UNDER TITLE 49 U.S.C., SECTION 5311.

WHEREAS, the Federal Transit Administration and the Georgia Department of Transportation are authorized to make grants to non-urbanized (rural) areas for mass transportation projects; and

WHEREAS, the contract for financial assistance will impose certain obligations upon Applicant, including the provision of the local share of project costs; and

WHEREAS, it is required by the United States Department of Transportation and the Georgia Department of Transportation in accordance with the provisions of Title VI of the Civil Rights Act of 1964, that in connection with the filing of an application for assistance under the Federal Transit Act, the applicant gives an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the United States Department of Transportation requirements thereunder; and

WHEREAS, it is the goal of the Applicant that Minority Business Enterprise (Disadvantaged Business Enterprise and Women's Business Enterprise) be utilized to the fullest extent possible in connection with this project, and that definitive procedures shall be established and administered to ensure that minority business shall have the maximum feasible opportunity to compete for contracts and purchase orders when procuring construction contracts, supplies, equipment contracts, or consultant and other services.

NOW THEREFORE, BE IT RESOLVED BY Mitchell County Board of Commissioners
hereinafter referred to as the "Applicant",

1. That the Designated Official, SW GA Regional Commission hereinafter, referred to as the "Official" is authorized to execute and file an application on the behalf of the Applicant, a City/County government, with the Georgia Department of Transportation to aid in the financing of public transportation assistance pursuant to Section 5311 of the Federal Transit Act.
2. That the Official is authorized to execute and file such application and assurances or any other document required by the U.S. Department of Transportation and the Georgia Department of Transportation effectuating the purpose of Title VI of the Civil Rights Act of 1964.
3. That the Official is authorized to execute and file all other standard assurances or any other document required by the Georgia Department of Transportation or the U.S. Department of Transportation in connection with the application for public transportation assistance.
4. That the Official is authorized to execute grant contract agreements on behalf of the Applicant with the Georgia Department of Transportation.

5. That the Official is authorized to set forth and execute Minority Business Enterprise, DBE (Disadvantaged Business Enterprise) and WBE (Women Business Enterprise) policies and procedures in connection with the project's procurement needs as applicable.
6. That the applicant while making application to or receiving grants from the Federal Transit Administration will comply with FTA Circular 9040.1G, FTA Certifications and Assurances for Federal Assistance 2021 as listed in this grant application and General Operating Guidelines as illustrated in the Georgia State Management Plan.
7. That the applicant has or will have available the required non-federal funds to meet local share requirements for this grant application.

Unplug With Meaningful Community Programs

By **Tony Tucker**, *President/CEO*

Most adults have a vague memory of a time when “checking for messages” meant listening to an answering machine. We carried on with our days without relying on cell phones and managed just fine. But today, we are more connected than ever through our smart phones and other devices.

Our phones are so much more now—from cameras to calendars to social media connections—and truly disconnecting from them can be tough. But it's even harder for

our kids to unplug because they only know life with these tiny screens. It's difficult for them to imagine life without computers, gaming devices, tablets or cell phones.

But there's great value in unplugging for children *and* adults, even if it's for just a short period of time. For kids, time away from the screen to be outside with other children allows them to connect with nature and others in a way that a virtual experience simply does not allow. They are able to experience life in the moment and allow their creativity and energy to break free.

Fortunately, we have access to great community programs and organizations like 4-H, Boy Scouts, Girl Scouts, etc. that provide children with a safe place to play, learn and grow, while cultivating new skills and interests.

These types of clubs and programs offer kids an opportunity to explore activities and interests outside of school academics. Children can investigate areas they might not otherwise have access to and discover new interests and passions. They often learn new skills and strengthen existing ones. It's no secret that the broader the range of experiences and activities children are exposed to, the more likely they are to find their own path and possibly a career. Community programs also foster important leadership development and public speaking skills. Through guided and informal play and activities, children learn problem-solving and interpersonal skills that enable them to resolve conflicts peacefully and improve interpersonal relationships.

Dougherty, Mitchell, and Worth County 4-H'ers unplugged and attended a Tri-county STEM Camp full of activities to remind them how fun science can be. Ashton Tye, Tripp Rogers, Lelan Orr, Adam Blech, and Ayden Williams enjoyed a Coke Float sponsored by Mitchell EMC during the Tri-County 4-H STEM Camp.

Adults can also find meaningful opportunities to spend time with the kids when we *all* unplug. From board games to craft projects to playing in the park, there are many ways we can unplug for some family fun.

While you and your children are disconnecting, take a moment to identify potential energy savings. Unplug electronics that are not in use to avoid “vampire” energy loss. This is the energy that is drained from technology and electronics even when they are not in use. For example, although it is turned off, your TV is waiting to receive a signal from the remote and your DVR is waiting to record the next show or perform an update.

Let's encourage youngsters to step away from the screens and join in. To play and be part of an organization that helps them connect with others and find meaningful interactions and explore new activities and interests.

When you do plug back in, Mitchell EMC is here to help you save money and energy by connecting you with our energy saving programs and services. While we'd love to see you in person, we're also just a call or click away.

Star shooter and champion tennis team feted by Mitchell County commissioners

August 11, 2021

By Dawn Clark
dclark@mitchellnewspaper.com

Last Monday, the Mitchell County Board of Commissioners recognized exceptional athletes during the regularly scheduled work session.

The Board recognized the Mitchell County Recreation tennis champions for the 2021 District and State competition. Member of the team are as follows: Hannah Glass, Vivian Collins, Isabelle Rubendall,

Andrew Ward, Jacob Workman, Alyssa Howell, Ki Worsham, and Brooks Tucker.

District and State Results:

a. Brooks Tucker: 16U District and State Champion in Singles

b. Brooks Tucker and Isabelle Rubendall: 16U District and State Mixed Doubles Champions

c. Isabelle Rubendall & Vivian Collins: 16U District and State Champs Doubles

d. Hannah Glass & Alyssa Howell: 16U District

and State Runner's Up Doubles

e. Hannah Glass: 16U District Runner Up Singles

f. Taylen Harris: 18U State Champ Singles

g. Jacob Workman: 18U District Runner Up and State Runner Up Singles

The Board also recognized Baconton Charter School 2020 graduate Bethany High for accomplishments with the Project SAFE (Shooting

ANR Updates

I enjoyed celebrating our 2021 UGA Summer Interns at the Intern Graduation Program held at Rock Eagle on August 4th. During the poster presentation session, it was inspiring and encouraging to see the many different

research/educational projects, conducted by a talented group of interns. The special effort and time invested into the intern program, by our host County Extension Offices and Agents, was very evident in the quality of work shared and reflected in the intern's knowledge and confidence as they presented their projects. Also, in July I enjoyed visiting with many Agents participating in Stripling Irrigation Research Park 4-H2O Day, this annual event is a great example of cross programming at its best. We are fortunate in UGA Extension to have numerous opportunities to demonstrate the positive effects and impact of cross programming, as well as present our collective work at regional, state, and national levels. In order to share your knowledge, expertise, and highlight your county work, please take advantage of professional presentation events including: regional, state, and national meetings. In order to offer support with professional presentation development, I will be hosting a Presentation Workshop, along with Dr. Eric Prostko and Dr. Simer Virk, in Tifton on Thursday, September 2nd from 10am – Noon. All Agents are welcome to attend, but will be most beneficial for professional dossier development, for ANR Agents who have been working seven or less year. Please mark this date on your calendar to gain valuable presentation development information from Dr. Prostko and Dr. Virk including: compiling, composing, and presenting applied research/scientific abstracts, poster presentations, and power point presentations. In addition, I have listed below more upcoming educational development opportunities and ANR dates. Please let me know if you need additional information.

***Southwest District ANR Update – August 26th**

Please mark this date on your calendar for in-person ANR Update at Tifton RDC.

*** Tristate Climate Meeting – August 27th**

9/8/2021

Type

Cover Memo

Mitchell County Correctional Institute

4838 Hwy 37 East

Camilla, GA 31730

229-336-2045

To: Warden Terry
From: Johnny Duckworth, Deputy Warden
Date: September 2, 2021
Reference: Monthly Report for August 2021

During the month of August, the following tasks were done.

Trash picked up and clean up:

PSC	Flint
Evergreen	MLK
New Hope	GA 3 North
Tutton	Pecan Lane
Pinecliff	Chinagrove

We have been working diligently at the GFA building to get the outside area cleaned up and get the inside ready for abatement and remodeling.

Tore the old Deputy Warden house down.

Put more crush and run at all three dumpsites to help fill in some of the potholes.

Cleaned, waxed, and polished the floors at the Courthouse.

Cut all the overgrown trees down around the Extension Office and cleaned the yards.

We cut the grass this month at the Ag Center, Development Authority, Library, Health Department, Fire Department substations, Landfill, and Community Centers and 911.

We continue to assist Fire Services with servicing and repairs to vehicles.

Repaired fire trucks.

Changed oil, replaced brakes, rotated, and balanced tires, changed light bulbs, and repaired blue lights on several of the Sheriffs Dept vehicles.

(229) 336-2045 (229) 336-2047 (FAX)**

September 3, 2021

Dear Warden,

Enclosed are the figures you requested concerning the cost analysis of inmate labor. The Fire Team was calculated at \$14.00 per hour. Mobile Construction, CI Maintenance Shop, Carpentry Shop, and the Road Department Shop were calculated at \$10.00 per hour. All other inmate labor details were based on minimum wage at \$7.25 per hour.

In August 2021, the Fire Team's monthly wages were \$15,008.00. Mobile Construction, CI Maintenance, Carpentry Shop, and the Road Department Shop were \$22,080.00, and all the other labor details were \$56,376.00. This calculated for a total savings of \$93,464.00 for Mitchell County for the month of August 2021.

Respectfully Submitted,

Kim Hatcher
Counselor

Mr. Gary Rice
Page | 1
September 14 , 2021

September 14, 2021

Mitchell County BOC's Administrator
Mr. Gary Rice
P.O. Box 187
Camilla, GA 31730

RE: August 2021 Report

Dear Mr. Rice

Please find enclosed a copy of our monthly report. We continue to work on staffing issues. Open full time positions along with employee injuries and Covid-19 make it a challenge. We are currently offering critical staffing stipends to help with covering open shifts and we are fully staffed for a majority of the time. Our HR department is constantly working to recruit for the open positions. Please don't hesitate to contact me with any questions or concerns.

Respectfully,

John Russ
EMS Operations Manager-South Georgia

Mitchell County Recreation

1. We will be having a football jamboree this coming weekend on 18th between Miller County and Thomasville YMCA.
2. We have about 10 girls who have signed up for cheer. First time we have had cheer in several years.
3. Flag we have about 12 kids.
4. Have about 30 kids for soccer.
5. Due to population decrease in number of kids in the county who are under the age of 17 we will have to drop down to the C classification in GRPA. GRPA based this information off of the census that was just completed. In 2010 Mitchell county had 5200 or so kids under the age of 17. In 2020, that number has been reduced down to roughly 4800. The threshold of a B classification is 5000 kids. This will not take affect until fall of 2022.

pregnant mother-of-three, causing her to fall and lose consciousness. Five and a half months pregnant at the time, she later suffered a still birth. She was the wife of Slater H. King, a leading civil rights figure who served as president of the Albany Movement," according to information provided to The Enterprise-Journal by the nephew of the late Marion T. King, Clennon King.

Speaking on behalf of the late Mrs. King at the Sept. 13 council meeting were Clennon

in the 1880s during the Camilla Massacre. This was state-sponsored violence that was used to intimidate and suppress blacks standing up for their rights, suppression that turned deadly. So, it's time for Camilla to own up, acknowledge what happened and make it right."

Dr. Martin Luther King Jr., who was in Albany at the time, suspended all demonstrations during the Movement, Clennon King said, calling for 'a day of penance' after news of Mrs. King's assault spurred violence.

coming out and sharing their story with the Camilla City Council.

In a July 26, 1962 newspaper article published in The Camilla Enterprise, the headline read "Dougherty Troubles Now Plague Mitchell," and the article read, "The tense racial situation which has existed in Dougherty County boiled over into Mitchell this week as a result of more than 100 juveniles who were arrested in the demonstrations in Albany last Saturday night, being held in the Mitchell County jail under the custody of Sheriff John Maples."

The article goes on to say, "During the day Sunday there was constant milling about the jail and again on Monday when leaders of the movement came down and attempted to enter the jail, but were prohibited by Sheriff Maples. Sheriff Maples said that any member of the family could visit in a special area in the jail which is set up for visitation, or that any attorney could visit a client but all others were prohibited. Late in the day Monday the crowds of negroes around the jail fence grew larger and also groups of whites in the outlying areas watching the event increased. Sheriff Maples and Chief Charles Kearns then ordered that all groups would disperse and there would be no loitering around the jail at any time by any group."

There was no specific mention of the incident involving Mrs. King in the Enterprise's reporting of the events.

NOTICE OF PUBLIC HEARING

The cities of Baconton, Camilla, Pelham, Sale City and Mitchell County are conducting a public hearing to discuss the update to the Mitchell County Joint Comprehensive Plan. The Public Hearing will occur on October 12th, 2021 at 5:00 PM at 26 North Court Avenue, Camilla, Ga. The current plan will expire on October 31, 2022. In accordance with the Georgia Minimum Standards and Procedures for Local Comprehensive Planning (Chapter 110-12-1), each community must conduct a public hearing prior to the start of the planning process and once a draft is completed before transmitting to the Georgia Department of Community Affairs (DCA.)

The purpose of this first hearing is to brief the community on the process to be used to develop the plan, opportunities for public participation in development of the plan, and to obtain input on the proposed planning process. Once public comments have been addressed, the community may begin the process of developing the plan. The current draft may be viewed at: www.swgrcplanning.org.

Questions should be directed to Shane Kelsey, Planner with the Southwest Georgia Regional Commission at 229-522-3552 ext. 121.

Chairman Hayward Elected to Steering Committee	9/23/2021	Cover Memo

Dear Hon. Benjamin Hayward,

As president of the National Association of Counties (NACo), it is my pleasure to confirm your nomination as a Transportation Steering Committee member and offer my congratulations!

National Committee membership is a serious responsibility that takes commitment, but it is also a rewarding experience. NACo's strength is in our committees, and your active participation will add to that strength. The expertise and engagement of our steering committee members like you is a major reason why Congress and federal agencies often look to NACo for feedback on legislative policy decisions being made in Washington D.C. This nomination to a NACo steering committee also presents a great opportunity to share information and learn from your county colleagues.

As a member of the Transportation Steering Committee, it is important to stay informed of legislative and regulatory action relevant to your committee. Your NACo committee liaison is Jessica Jennings (jjennings@naco.org), and the legislative assistant for this committee is Sarah Gimont (sgimont@naco.org). Your committee liaison will send regular email correspondence to committee members, and you are responsible for reviewing the information supplied and responding accordingly.

As a member of a NACo steering committee, you are expected to participate in our monthly conference calls and attend both NACo's Legislative Conference and Annual Conference. Monthly conference calls are a great way to stay up to date on developments from Capitol Hill and provide a platform to discuss county issues with your colleagues across the nation. Please note the following dates and locations for the upcoming conferences:

NACo's 2022 Legislative Conference, February 12 – 16, 2022 in Washington, DC
NACo's 2022 Annual Conference, July 21-24, 2022, in Adams County/Aurora, Colorado

Again, congratulations on your nomination to the Transportation Steering Committee. This promises to be an exciting year, and I look forward to working closely with you to further the goals of our nation's counties.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry Johnson", written in a cursive style.

Larry Johnson
President

FAQ - Federal Vaccine Mandate	9/23/2021	Cover Memo

FAQs ON THE FEDERAL VACCINE MANDATE

SEPTEMBER 13, 2021

The Georgia Chamber continues to prioritize the lives and livelihoods of all Georgians and encourages vaccination, mask-wearing and adherence to CDC guidelines. As businesses navigate recovery, the Chamber is researching and gathering information on the recent news out of Washington and has compiled some baseline details regarding the vaccine mandate.

WHAT IS THE MANDATE?

On September 9, 2021, President Biden issued an executive order to require all federal workers to be vaccinated. In addition, the rule is forthcoming around specific private employers, as further defined below, needing to require employee COVID-19 vaccinations or weekly testing. **[CLICK HERE](#) to read the existing executive order.**

WHO DOES IT AFFECT?

- All federal workers and contractors must get vaccinated, with limited exceptions.
- Private employers with 100 or more workers will have to require their workers to be vaccinated or tested weekly. Employers must provide paid time off (PTO) for vaccination. The rule is expected to be issued by the Occupational Safety & Health Administration ([OSHA](#)) and will carry penalties for violations.
- All healthcare workers in hospitals, clinics and other facilities that accept Medicare and Medicaid payments must get vaccinated. The rule will be issued by [Centers for Medicare & Medicaid Services](#).
- Employees of Head Start early childhood education and other federal education programs must get vaccinated. The rule will be issued by the [Department of Health and Human Services](#) (HHS).

WHAT ABOUT MASK MANDATES AND TESTING REQUIREMENTS?

- Mask requirements will continue for interstate travel and in federal buildings. The Transportation Security Administration ([TSA](#)) will double fines on travelers who refuse to wear masks.
- The number of pharmacies offering free testing will be expanded to 10,000.
- Starting this week, Walmart, Amazon and Kroger will offer at-home COVID tests at-cost. The Defense Production Act will be used to increase the manufacture of at-home tests.

For information on COVID-19 response, please visit the Georgia Chamber website at www.gachamber.com/covid19.
